

# THE COPPICE CAFE

## WELCOME TO THE COPPICE CAFE

*With the idyllic surroundings of ancient woodland and the timeless beauty of Aysgarth Falls as the backdrop, our aim is to provide you with the tastiest, most mouth-watering and delicious food possible.*

*The Coppice Café is a small, family run business where we carefully source the best local and freshest ingredients from our friends here in the Yorkshire Dales National Park.*

**And, just so you know, here's a quick list of some of our suppliers:**

*Our milk, free range eggs and cream come from H Kirkbride, a traditional family dairy in Askrigg.*

*Wensleydale cheese is from The Good Life at Hawes, a real treasure trove for foodies.*

*Our meat is from a long established independent family butcher, W S Hartle, situated just off the village green in the beautiful village of West Burton.*

*And, last but not least, the delicious selection of homemade cakes and scones on display are all freshly baked by us.*

**Enjoy!**
